Vital Connexions

Supervision Course

November 2008 -
January 2009

Supervision Training

Vital Connexions (formerly Aphasis Associates) is delighted to offer this 40 hour course for experienced Counsellors who wish prepare to become Supervisors. The training meets with the current requirements of the IACP and the IACC and can be added on to for those who wish to train further.

The first weekend will give students the opportunity to learn the Cyclical Model of Supervision (Page and Woskett), as well as learn some new skills and techniques.

The second weekend offers insights on parallel process, transference, creativity and dynamics in the Supervisory relationship.

All modules are delivered through the medium of interesting lectures, role play, group work and experiential exercises.
